Grades 5-8**

**Introduction:**

The purpose of this document is to provide Wyoming educators who use Project Learning Tree materials with an easy reference guide in how PLT's activities correlate to the Wyoming Foreign Language Content and Performance Standards for grades 5-8. Project Learning Tree is an interdisciplinary environmental education program. PLT activities supplement curriculum and can be used to organize instructional units in a variety of subjects. Educators can use PLT activities to teach or assess mastery of foreign language skills in communication and culture.

This document was researched and developed by Dawn McMahill, educational consultant, supported by a grant from the U.S. Environmental Protection Agency's Environmental Education Training and Partnership program.
