

## Country Overview

### Part I. Country Initiation

1. Decide on a name for your country: \_\_\_\_\_
2. Using a blank piece of paper, create a flag for your country. The flag should include colors and symbols that say something about your country. Have each person on your team contribute at least one element.
3. To help your country run smoothly, choose someone on your team for each of the following positions.

Prime Minister: \_\_\_\_\_

Presides over discussions, making sure that everyone has a voice. If there is a vote, the prime minister does not vote, except to break a tie.

Ambassador: \_\_\_\_\_

Initiates contact and negotiates with other countries. The ambassador tries to follow terms of negotiations (such as quantity and price) determined by your country team.

Minister of Resources: \_\_\_\_\_

Conducts initial and periodic inventory of resources.

Minister of the Treasury: \_\_\_\_\_

Protects the country's money and conducts an initial and periodic audits of it.

Minister of Product Development: \_\_\_\_\_

Makes sure that the products your country creates adhere to international standards.

### Part II. Country Records

How Much...	At Start	At Midpoint 1	At Midpoint 2	At End
... Money?				
... Forest (number of trees)?				
... Product (number of shapes)?				
... Other resources or tools? (Write in.)
